Springfield Township Parks and Recreation Department is partnering with Big Game Hoops again for the 3rd straight season for the Winter Recreation Basketball League.

This program is an instructional, developmental program for players of all different skill-levels. No cuts will be made and no prior experience playing basketball is required. The Springfield Township Winter Recreation Basketball League is the perfect league for players with zero experience. Big Game Hoops' objectives for partnering with the Springfield Township Parks and Recreation Department is to foster a love and passion for the game of basketball within each player by providing a safe, fun, positive and nurturing environment for everyone involved.

There will be designated time slots for each age group each Saturday for practices and games. The league will consist of 8 weeks of basketball activities ranging from assessment to practices to games.

During registration, an opportunity to make a friend or coach request will be available. Requests limited to one per person. Requests will only be considered if the person requested reciprocates the same request.

A crucial and vital component to a successful season are Volunteer Parent Coaches. There can never be a situation in which there are too many Volunteer Parent Coaches. NO prior playing experience in the game of basketball is required to be a Volunteer Parent Coach. Volunteering to be a Parent Coach is a great way to get involved and connect with your son and/or daughter if your schedule allows you to volunteer your time.
